

Setting up new devices: Smartphones

Tech & Tea Seminar
By CommuniTech

**What can you do
to set up your
smartphone to
suit you?**

OUTLINE

- ❖ Downloading apps
- ❖ Importing contacts
- ❖ Accessing files from other devices
- ❖ Display settings
- ❖ Setting up emails
- ❖ Organising home screen

The purpose of this Tech Talk is to make you aware of what you CAN do!

If you want help with anything mentioned in the Tech Talk, ask one of our volunteers afterwards!

DOWNLOADING APPS

Browse and download apps onto your device

What can you do?

On iPhone

Browse and download apps from the App store

You can see all the apps you've had on previous devices in 'purchased'

On Android

Browse and download apps from the Google Play Store.

You can see all the apps you've had on previous devices in "My apps & Games" under "library"

IMPORTING CONTACTS

**What can
you do?**

Copy your contacts from previous smartphone using the cloud (over the internet)

For non-smartphones, your phone provider should be able to transfer your contacts in the shop

On iPhone

You can save your contacts to your Apple account, which will automatically transfer to your new phone if you use the same Apple account details

On Android

You can save your contacts on Google, or a third party app, and transfer them to your new phone

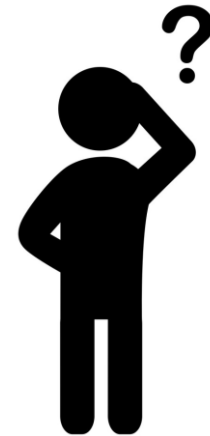

ACCESSING FILES FROM EXISTING DEVICES

Using Cloud services, you can access all your files and photos from any new devices

We have done a Tech Talk on cloud services, head to our website to have a look!
